Student Success – a progressive intervention opportunity

Academic and behavioral policy infractions lead to consequences across a continuum.

Student Success Plan

EVIT follows a progressive intervention process that progresses through four steps. Depending upon the circumstances, one or more steps may be omitted with approval of the Chief Academic Officer. This process will be implemented when a student fails to meet the expectations of the school. Some of these behaviors include:

- Maintaining academic integrity
- Exhibiting professional behavior
- Prioritizing safety
- Meeting dress code requirements
- Following all technology mandates
- Demonstrating responsible social networking

There are up to four steps to the process:

Step One: Verbal Counseling/Coaching– A confidential discussion will be held with a student if he/she fails to meet school or program expectations. Proper expectations will be outlined and agreed upon by the student and faculty. This communication will be documented on the Student Success Plan and maintained by the faculty.

Step Two: First Written Warning– The student will be counseled in writing regarding an area already discussed in the coaching session or another area where the student fails to meet school or program expectations. A second Student Success Plan will be completed. Specific tasks or behaviors expected will be included, as well as a clear deadline for completion. This document will be signed by the student and faculty.

Step Three: Second Written Warning– This warning will be issued, discussed, documented, and signed when the student continues to fail to meet a challenge previously discussed or demonstrates another behavior that violates school or program expectations. Again, specific tasks or behaviors expected will be included, as well as a clear deadline for completion. This document will be signed by the student and faculty.

Step Four: Final Action– Should a student continue to fail to meet school or program expectations, he or she will meet with the faculty and Program Director to discuss next steps. These might include course failure or program dismissal.

Dismissing a student from a program is a serious consequence and only considered if the student fails to demonstrate the desire, ability, or willingness to improve the behaviors expected of an EVIT student.

Disciplinary Action Definitions

Students involved in inappropriate behavior are subject to certain disciplinary actions. Depending upon the behavior problem of the student, one or more of the following actions may be taken by school officials.

Informal Talk

A school official (faculty, administrator, or counselor) talks to the student and tries to reach an agreement regarding how the student should behave.

Conference

A conference is held between the student and the appropriate school personnel.

Conference Involvement

Parent(s) or guardian(s) are notified by telephone, personal contact, letter, or certified letter of a conference. A conference may be conducted between the student, parent(s) or legal guardian(s), appropriate school personnel, and other individuals concerned.

In-School Detention (High School)

The student is subject to consequences that do not require suspension from school, such as loss of privileges, detention, and temporary removal from class and assignment to an Alternative Learning Classroom (ALC). At any time, an administrator or faculty may request a change of placement due to behavior in the current program classroom.

Referral for Additional Services

Some circumstances may warrant, in addition to or in lieu of suspension, that students be referred for additional services such as referral to school counseling programs, case managers, or off-campus agencies.

Short-Term Suspension (High School)

The student is informed that he or she is subject to a short suspension, which is nine (9) days or less. The student is given verbal notice of the behavior deemed inappropriate and an informal hearing, that is, the chance to tell his or her side of the story. If the superintendent then determines that short suspension is the appropriate disciplinary action, such suspension shall become effective immediately. The administrator shall notify the parent(s) or guardian(s) by telephone or letter that a short suspension has been imposed. This action shall be recorded in the student's file. The administrator may immediately suspend a student when the student's presence creates a clear and present danger to any student or school personnel. As soon as the danger subsides, the due process procedure for short suspension shall be initiated. During the suspension, the student is not permitted on district property or at district functions. The student's home school district will be immediately notified.

Long-Term Suspension (High School)

In addition to imposing a short suspension, the administrator may give notice to the student and parent(s) or guardian(s) that a long suspension, ten (10) days or more, is being recommended to the superintendent. If imposed, the student will transition to Audit status. In accordance with the due process procedure for a long suspension, the parent(s) or guardian(s) may request either an informal meeting with the superintendent or a formal hearing. This action shall be recorded in the student's file. Parents will be informed of the appeal process in writing at the time of the recommendation. During the suspension, the student is not permitted on district property or at district functions. The student's home school district will be immediately notified.

Expulsion

The student and parent(s) or guardian(s) shall be given notice that the administrator is recommending expulsion of the student to the Governing Board. In accordance with the due process procedure for expulsion, a formal hearing shall be held by the Governing Board or by a Board-designated hearing officer(s) who shall bring a recommendation to the Board. Only the Governing Board can expel a student. During the suspension, the student is not permitted on district property or at district functions. This action shall be recorded in the student's file. Parents will be informed of the appeal process in writing at the time of the recommendation. The student's home school district will be immediately notified.

Police Involvement

School officials are not required to initiate or complete due process procedures prior to notifying law enforcement officers. If law enforcement officers are notified, parents of students under 18 will be contacted by telephone or certified letter. Any action taken by law enforcement officers will be separate from disciplinary action taken by the school district.
